AGENDA

- **Materials Management Policy**
- **Potential Unintended Consequences**
- **Food Waste Management – A Case Study**
- **The Future of Recovering Energy from Waste**

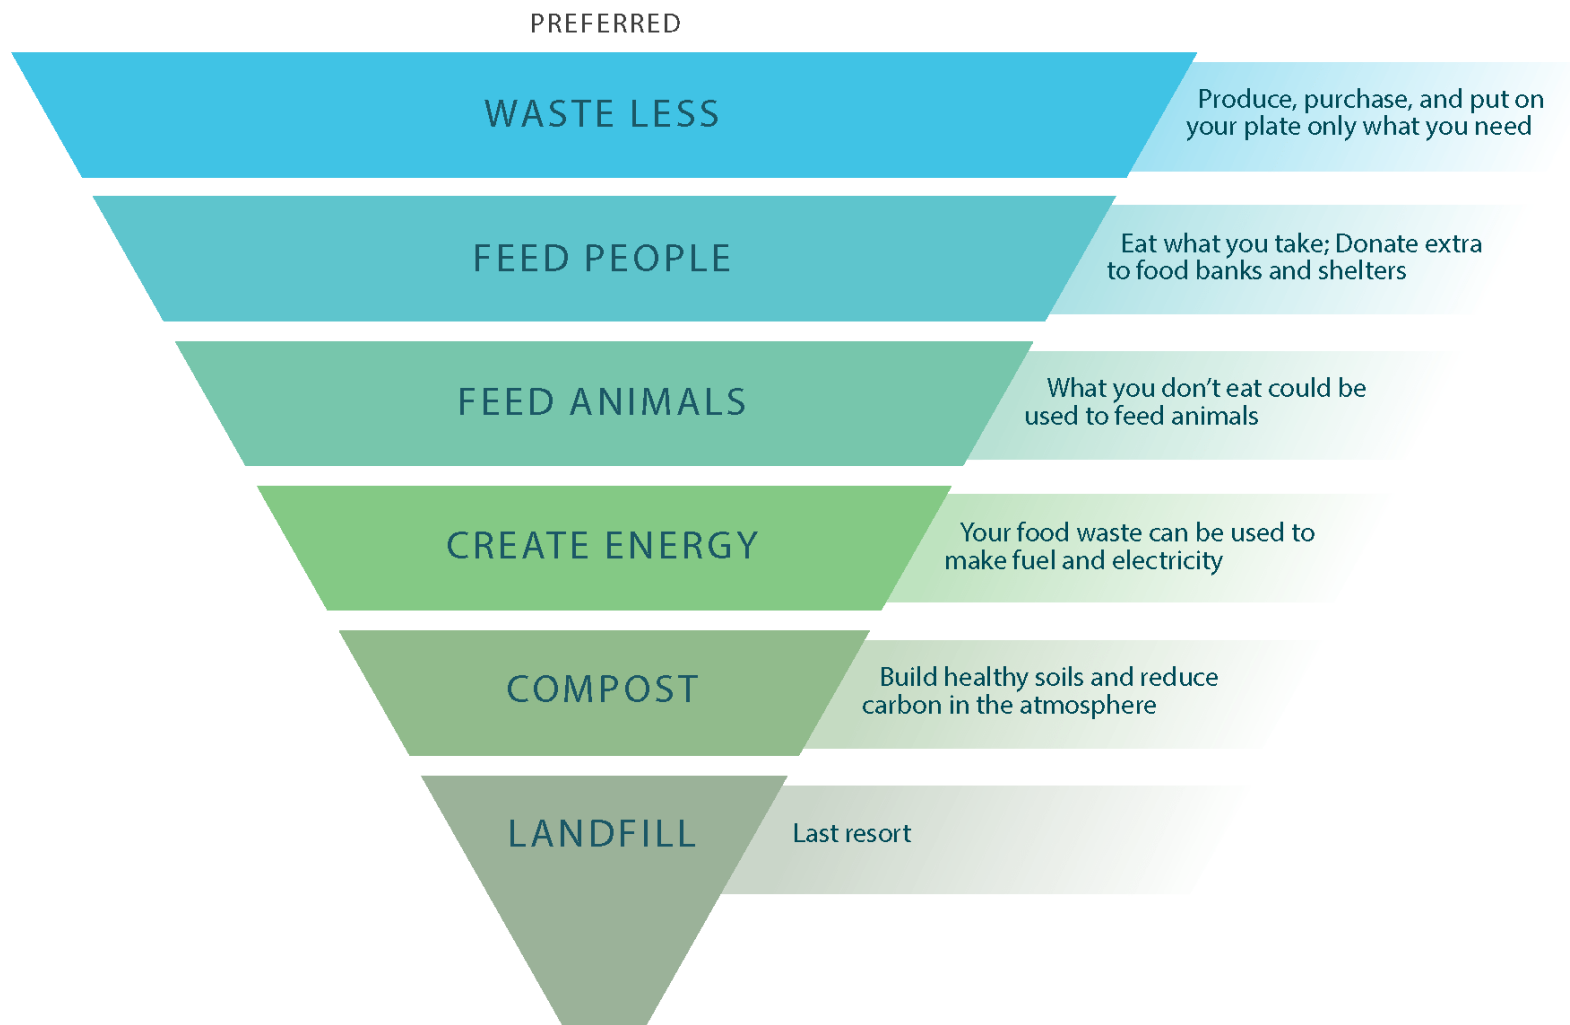

UNINTENDED CONSEQUENCES

THE CASE OF BIOSOLIDS AND PFAS

- **Biosolids management**
- **Concerns regarding land application of biosolids containing PFAS**
- **State action**
- **EPA action**

FOOD WASTE MANAGEMENT

A CASE STUDY

CASE STUDY - CREATING ENERGY FROM FOOD WASTE VIA ANAEROBIC DIGESTION

- **Benefits of Anaerobic Digestion**
- **How are Anaerobic Digesters Regulated?**
- **Regulatory Challenges**

The Future of Recovering Energy from Waste
